Fine Spring Tonic.

The Lion export bottle beer is one of the best of spring tonics. With the coming of spring days there is generally a tired feeling, nature needs an assistant to encourage a man to his best efforts. You will find that this celebrated beer will excel anything else.

SMALL BOY OBEYED ORDERS.
But Perhaps His Methods of Play Were Too Strenuous.

He is a very small boy, but he has a very much smaller sister, a wee baby, who arrived only a few weeks ago. The small boy was delighted. Never had he seen anything so little or so interesting.

Could the baby see, could she hear, could she eat, did she have teeth, and why didn't she talk and walk? Those were a few of the questions he asked. Answers not being altogether satisfactory, he began a personal investigation. He opened the baby's eyes when she was asleep to see where her eyes had gone to, anyway; he opened her mouth in search of teeth, and it was here that the family came to the rescue, and the small boy was told that he could never visit his baby sister without clasping his hands closely behind him.

"He loves the baby so that he stands by the half hour just looking at her," said the proud mother of both youngsters to a visitor. "And he is so honorable that he never thinks of taking his hands from behind his back. Just come and see him now." But as the two entered the nursery mamma gave a wild scream as she rushed for her baby.

There was the small boy, his hands clasped tightly behind his back, to be sure, but the baby not having responded to his challenge to play, he had taken her silence for consent, and was bumping heads with her.

Cold Has Little Effect on Sheep.

Of domestic animals, sheep come first as cold resisters. Sheep have lived for weeks buried in snow. When the great blizzard of March, 1891, swept Devonshire, sheep were dug out alive from the enormous drifts 24 days later. Goats and pigs take, respectively, second and third places.

LIVE STOCK AND CROP NOTES

County Clerk J. A. Boone, of Clark, received a check Tuesday morning from the State Auditor for \$1,683.84 for sheep claims in that county.

Lambs have declined \$1.00 per hundred in the past ten days. Shippers now offering only 5 cents per pound.

The fifty-acre crop of wheat raised by W. M. Layson, near Millersburg, averaged twenty-two bushels to the acre. He sold the crop at eighty-five cents per bushel, delivered at Millersburg, to the warehouse of R. B. Hutcraft.

It is declared that half the world goes to sleep hungry every night, notwithstanding the fact that this year's crop of wheat promises to excel any previous year. Western Canada is said to be growing 120,000,000 bushels of wheat and the United States wheat crop will total 440,000,000 bushels.

Irish potatoes bid fair to be the money-producing crop which will take the place of tobacco in the Bluegrass region. It is estimated that 50,000 acres of the soil have been planted in potatoes this year as compared with 15,000 acres in the preceding year. Until last season potatoes have been considered only a garden crop, being limited generally to the needs of the family of the produce.

At Mt. Sterling Court, Monday, Lafe Risner sold seventeen 950-pound cows to W. H. Whaley, of Paris, at 3 cents. Allen & Co. sold ten 800-pound cows to Whaley, at 3 cents, and four 1,100 pound bulls at 3 cents. Mr. Whaley purchased about seventy-five head at various prices. Joe Clayton sold nine 700-pound yearlings to Henry Thompson, of Bourbon at 4 cents. There were a number of buyers on the market looking for mules, but there were none offered for sale. Few horses were sold, the prices ranging from \$90 to \$135.

At Maplehurst, near Paris, W. A. Bacon, owner of the famous trotting stallion, Jay Bird, that died in 1906, has purchased a marble slab to be erected on the spot where Jay Bird is buried. Jay Bird was bred near Lexington, by W. L. Simmons. He remained the property of Mr. Simmons till the spring of 1898, when he was sold to Mr. Bacon for \$2,600. He lived until 1906. During the eight years Mr. Bacon owned the stallion his receipts from service fees alone amounted to the handsome sum of \$37,000.

Mountain Soldier Best Shot.

At the State Rifle range Wednesday afternoon J. W. Wilson, of Company H, of Middleboro, broke all records on the Kentucky range for shooting at 800 yards. He made a perfect score, hitting the bullseye ten straight times. He did even better than this, as he hit the bullseye each time on the two range shots which are allowed each competitor to get the win velocity. He really made twelve hits out of twelve shots at 800 yards, which is perfect shooting.
